Kim, Kerry

There was a small typo on the fact sheets in the communication package. Please use the attached version instead of what previously sent.

Thank you.

Hi Kerry

Attached the requested Fact Sheet for the Sandy facility. We are currently updating the website "etosafety.bd.com" referenced in the document to include all US operations, so you can disregard the information specific to our sites in Georgia. We wanted to get you the fact sheet as soon as possible in case of any questions or comments and will continue working to update the website over the next couple of days.

Media inquiries about BD's facility can be directed to:

Troy Kirkpatrick
614-284-1926
Troy.Kirkpatrick@bd.com

Thank you

Subject: BD Medical Fact Sheet

EXTERNAL EMAIL - Use caution opening attachments and links.

BD Medical Team,

On August 3, the EPA will be sending out a press release to announce our national public webinars about EtO on August 10 as well as community website will go live. With this information and in preparation for the possible incoming media attention, we're interested if BD Medical would be able to send a 1 page info sheet that could be used to 1) describe the operations at the facility 2) describe what improvement processes are being put into place and 3) maybe link to a website for interested parties or push them to a contact if they have specific facility questions.

We are looking for basic facts and messaging so that we can highlight your contributions to addressing cancer risk from EtO. In the event reporters reach out to us, we'd like to be able to point them towards your team to get the full perspective.

We would like to have this information by Monday, August 1st. Please let me know if this is unattainable or you have questions or concerns.

Thanks,

Kerry A. Hicks, PMP
